

Sports Funding Report

2016/17

As part of the post-Olympic legacy, the Government has provided funding of £150million per academic year, supported by the Department for Education, Health and Culture, Media and Sport to improve the provision of physical education and sport in primary schools via '**The Primary PE & Sport Premium**'. This money goes to each Head Teacher to spend on improving the Quality of Sport and PE for all their children. This has already been available for the academic years 2013/2014, 2014/15 and 2015/16.

It was in the Autumn Statement 2013, the Chancellor, George Osborne announced an additional year's £150m extended funding, taking the total investment to the end of the 2016 academic year.

On 6th February 2014 the Prime Minister, David Cameron, committed to continue the funding for the Primary PE & Sport Premium until **2020**.

On the 17th July 2015 the Department for Education [announced](#) that 2015/6 funding will remain at the same level as last year.

It is clear, as part of the conditions for this funding to schools that the Sports Funding should only be spent on Sport and PE Provision in school and on '**improving their provision of PE and sport for the benefit of pupils to give them the opportunity to develop a healthy lifestyle**'.

The vision behind this funding from Government is that they wish to see all pupils leaving primary school physically literate and with the knowledge, skills and motivation necessary to equip them for a healthy lifestyle and lifelong participation in physical activity and sport and this is a vision that St Mary's wishes. To achieve this self-sustaining improvement in the quality of PE and sport in our primary schools St Mary's has endeavoured to follow the Funds advice and would expect indicators of such improvements in our pupils to include:

- The engagement of all pupils in regular physical activity - kick-starting healthy active lifestyles,
- The profile of PE and sport being raised across the school as a tool for whole school improvement,
- Increased confidence, knowledge and skills of all staff in teaching PE and sport,
- Broader experience of a range of sports and activities offered to all pupils,
- Increased participation in competitive sport in and out of school.

St Mary's Primary School - Implementation

The school agreed that the money would be spent on 4 Key areas:

- Teachers to have on-going access and support to an In-School PE Specialist
- Implementation and design of a St Mary's Individual School Sports Curriculum and Assessment Criteria for all Classes.
- Children have the opportunity to compete and participate in PE and Sport beyond the school day
- Staff have access to CPD opportunities and training
- Purchase of Sporting Equipment for the school

St Mary's Primary School 2016 - 2017 Implementation

1. Increased the support of a PE Specialist in the School to support all Primary teachers with PE and continuous CPD.
2. Implementation and design of a St Mary's Individual School Sports Curriculum and Assessment Criteria for all Classes.
3. An increase in KS1 and KS2 FREE after-school clubs closely linked to individual development.
Sports such as Football, Gym, Multi-sports, Tag-rugby and Rounder's, Zumba, Drumball, Dodgeball, Ultimate-Frisbee have all been introduced.
4. Ensured all children benefited from sport regardless of ability during PE Lessons and during ASCs and are delivered to support children to further their Fundamental movements and skills.
5. Invested in New school Sports Equipment.
6. Provided CPD Opportunities for Staff and teaching Assistants during Lessons.

- Outdoor Activity Day for Y5/6
- Sports Day for whole school
- Weekly Playleaders sessions led by Lunchtime Supervisor
- Bikeability for Y6 (12th/13th June)
- Schools Cluster Sports Morning y5/6

Evidence and Impact of Sports Funding

- Supported the enhancement of the PE curriculum in school and the up-levelling of teachers' skills and expertise. Feedback taken from staff allows for future planning and training opportunities provided.
- Provided a wide range of high quality experiences, which can be seen from the sports time-tabled, both for lessons and ASCs.
- Our sports provision has been exciting and stimulating to partake in and has not only improved physical fitness; it has also developed hard work, perseverance and determination from our pupils. Children have shown progression and raised attainment levels (evidenced via Coaches and TA assessment reports).
- Assessments have been completed at the end of each unit - with pupils assessed at working below, at or above age related expectations.
- Our provision has encouraged children to be active and to lead an increased healthier lifestyle and this can be seen by the number of children 'sharing' their out of school sporting/physical activity experiences and

accomplishments. Children regularly share their medals and certificates during whole-school assembly time.

- Playleaders has continued this year allowing the play at lunchtimes to be extended to other sports opportunities, such as; hula-hoops, skipping, ball games etc. Link forged with Y6 pupils and Lunchtime staff.
- Sports Funding has provided high quality extra-curricular sport, as well as competitive opportunities for pupils in and out of school.
- Links have been forged with other Cluster Primary Schools and High Schools to help improve and enhance PE provision. It has widened the childrens' participation and allowed them to compete in sports that they have been learning in lesson time. It has given them purpose and challenged them.
- Pupil Voice-children are asked for feedback about how they have benefited and enjoyed their ASC sessions-their positive feedback allows the school to plan for future sessions and ensure our provision is very tailored to suit the needs and requirements of our pupils. SportsCool Ltd. quoted in their end of Spring 2016 Report to school- *'The children are always excited for their PE lessons and leave our afterschool clubs with a real buzz in the air and smiles on their faces.'*
